

KEN FOSTER

VOICE ACTOR

PROFILE

Talking to microphones since 1987, I was on-air radio talent at some upstate NY rock stations (Rochester/Binghamton/Elmira). After 25 years in the corporate world (consulting, projects, software) I made voiceover my primary focus & full-time career. Mostly booking commercial & corporate, I also do characters in videogames, audio dramas, animation & other voiceover work. Comfortable live in-studio with casting directors in New York City & Philadelphia, or my personal professional studio in Nazareth, PA.
